Yönetim Kurulu Başkanı Mesajı

Temkinli ve bir o kadar da etkili finansal yönetimimiz, yönetim ekibimizin öngörüsü ve hepsinden önemlisi çalışanlarımızın büyük özverileri sayesinde faaliyetlerimizi sağlıklı bir şekilde sürdürüyoruz.

Bu süreçte çalışanlarımızın sağlığı için gerekli bütün önlemleri alıyor, iş sürekliliğinin sağlanması için gerekli altyapı çalışmalarını ve yatırımları yapıyoruz. Pandeminin zorlu koşullarına rağmen yolumuza güçlü bir şekilde devam ediyor, büyümemizi sürdürüyoruz.

Güçlü operasyonel performansımızın yanı sıra gelecek odaklı çalışmalarımızda da hızla yol alıyoruz.

Gelecekte iş yapış şeklimizi belirleyecek olan dijital dönüşüm projeleri yürütüyor, sektörümüzde yeniliğe ve inovasyona yatırım yapıyoruz.

Sadece tüketicide değil, tüm değer zincirinde kalıcı davranış değişikliklerine hazırlıklı olmalıyız.

Yeni tüketim trendleri oluşacak ve yeni ihtiyaç alanları, bunlara yönelik ürünler ve yine bunlarla ilgili iletişim ve satış kanalları ortaya çıkacaktır.

Her türlü gelişmeyi takip etmemiz ve kendimizi buna göre şekillendirmemiz gereken bir dönemin içindeyiz. İhtiyaçları doğru tespit etmemiz ve oluşabilecek farklı durumlara karşı hazırlıklı ve esnek olmamız gerekiyor.

Chairman Message

Thanks to our cautious and yet effective financial management, the foresight of our management team, and most importantly, the great dedication of our employees, we continue our activities in a healthy way. In this process, we take all the necessary precautions for the health of our employees, and make the necessary infrastructure works and investments to ensure business continuity.

Despite the difficult conditions of the pandemic, we continue our way strongly and continue our growth.

In addition to our strong operational performance, we are progressing rapidly in our future-oriented works.

We carry out digital transformation projects that will determine the way we do business in the future, and we invest in innovation in our sector.

We must be prepared for permanent behavioral changes, not just at the consumer, but throughout the entire value chain.

New consumption trends and new needs will occur.

Products for these and related communication and sales channels will emerge.

We are in a period where we have to follow all kinds of developments and shape ourselves accordingly.

We need to identify the needs correctly and be prepared and flexible for different situations that may arise.
